

AqBanking - Feature #288

Missing command line tool to create ofx user/accounts

07.09.2022 08:50 - rhabacker

Status:	Closed	Beginn:	07.09.2022
Priorität:	Normal	Abgabedatum:	
Zugewiesen an:		% erledigt:	0%
Kategorie:		Geschätzter Aufwand:	0:00 Stunde
Zielversion:		Anwendung:	aqbanking-cli
Betriebssystem:	FreeBSD, Linux, MacOSX, Windows	Version der Anwendung:	
AqBanking-Version:	6.5.3		
Beschreibung Aqbanking supports adding users and accounts for various backends like hbc, paypal and ebics on the command line, but not for ofxconnect. This forces users to use GUI applications like gnucash and kmymoney, which in turn hide the details of creation and make it harder to spot problems with this. It would be helpful if there was a command line tool for ofxconnect as well.			

Historie

#1 - 09.09.2022 17:12 - rhabacker

- Datei 0001-Add-aqofxconnect-tool.patch wurde hinzugefügt

The appended patch adds an initial version of the mentioned command line tool.

#2 - 04.10.2022 09:24 - rhabacker

friendly reminder :-)

#3 - 08.10.2022 22:35 - martin

- Status wurde von New zu Closed geändert

Thanks, committed to GIT.
