

AqBanking - Bug #333

Spaces in debug output make it difficult to transfer source code information

12.12.2025 18:03 - rhabacker

Status:	Closed	Beginn:	12.12.2025
Priorität:	Normal	Abgabedatum:	
Kategorie:	Gwenhywfar	Anwendung:	KMyMoney, aqbanking-cli
Betriebssystem:	FreeBSD, Linux, MacOSX, Windows, andere	Version der Anwendung:	6.8.2/5.2
AqBanking-Version:	6.8.2		
Beschreibung The debug output of gwenhywfar displays file names and line numbers. <pre>GWEN_LOGLEVEL=info aqbanking-cli help 6:2025/12/12 17-47-36:gwen(30753):i18n.c: 205: Real locale is [de_DE.UTF-8] 6:2025/12/12 17-47-36:gwen(30753):plugin.c: 586: Plugin type "dbio" registered 6:2025/12/12 17-47-36:gwen(30753):dbio.c: 107: Adding plugin path [/usr/lib64/gwenhywfar/plugins/79/dbio] 6:2025/12/12 17-47-36:gwen(30753):plugin.c: 586: Plugin type "configmgr" registered</pre> However, there are spaces between them, which makes it difficult to select and reuse both together. In contrast, grep outputs both without spaces. <pre>cd ~/src git clone https://git.aquamaniac.de/git/gwenhywfar cd gwenhywfar grep -rn DBG_DEBUG plugins/dbio/xmldb/xmldb.c:220: DBG_DEBUG(GWEN_LOGDOMAIN, "Empty value"); plugins/dbio/xmldb/xmldb.c:446: DBG_DEBUG(GWEN_LOGDOMAIN, "Not storing pointer value"); plugins/dbio/csv/csv.c:30:/* disable DBG_DEBUG() and DBG_VERBOSE() */</pre> For example, if you run this command in the “konsole” terminal on a Linux host, you can double-click on the file name or line number <code>plugins/dbio/xmldb/xmldb.c:446</code> to select it, which can then be easily copied to the clipboard and opened in the editor e.g. kate <code>plugins/dbio/xmldb/xmldb.c:446</code> , which opens the file and places the cursor on the specified line. The patch in the Git branch https://www.aquamaniac.de/rdm/projects/gwenhywfar/repository/gwenhywfar?utf8=%E2%9C%93&rev=rh-202512-logger-fixes produces output in the same format, which also simplifies selection for gwenhywfar/aqbanking. <pre>6:2025/12/12 17-47-36:gwen(30753):i18n.c:205: Real locale is [de_DE.UTF-8] 6:2025/12/12 17-47-36:gwen(30753):plugin.c:586: Plugin type "dbio" registered 6:2025/12/12 17-47-36:gwen(30753):dbio.c:107: Adding plugin path [/usr/lib64/gwenhywfar/plugins/79/dbio] 6:2025/12/12 17-47-36:gwen(30753):plugin.c:586: Plugin type "configmgr" registered</pre>
