

AqBanking - Bug #339

Build error

11.01.2026 12:26 - rhabacker

Status:	New	Beginn:	11.01.2026
Priorität:	Normal	Abgabedatum:	
Kategorie:	Gwenhywfar	Anwendung:	andere
Betriebssystem:	Linux	Version der Anwendung:	
AqBanking-Version:	not relevant		

Beschreibung

Running build job for gwenhywfar on Linux from actual git master commit 11d1cf4f fails with

```
[ 57s] In file included from quicksort.c:61:0:
[ 57s] quicksort-t.c: In function 'GWEN_Quicksort_AddTests':
[ 57s] quicksort-t.c:145:3: warning: implicit declaration of function 'DBG_ERROR' [-Wimplicit-function-declaration]
[ 57s]   DBG_ERROR(GWEN_LOGDOMAIN, "Gwenhywfar was compiled without test code enabled.");
[ 57s]   ^~~~~~
[ 57s] quicksort-t.c:145:13: error: 'GWEN_LOGDOMAIN' undeclared (first use in this function); did you mean 'GWEN_FORMAT'?
[ 57s]   DBG_ERROR(GWEN_LOGDOMAIN, "Gwenhywfar was compiled without test code enabled.");
```

After fixing the bug in the git repo I can trigger a rebuild with updated sources.

After fixing the bug in the git repo I can trigger a rebuild with updated sources.

Such a trigger can also be triggered by a remote repository hook, so that this build can be integrated into the gwenhywfar repo, for example.

#3 - 11.01.2026 15:45 - rhabacker

An associated fix has been pushed to git branch rh-202601-build-fixes, see <https://www.aquamaniac.de/rdm/projects/gwenhywfar/repository/gwenhywfar?utf8=%E2%9C%93&rev=rh-202601-build-fixes>
